

Professional Certificate in Geomantic Science & Therapeutical Spaces

By: Dr.R.M. Mehra (PhD&DSC)

Duration: 6 Months

Fee: Rs 51,000/+GST

Mode: Offline / Online (Live Sessions)

Website: www.designgurukul.in

Program Objectives

- To understand geomantic and cosmic energies influencing people and spaces.
- To diagnose and neutralize negative energy fields and geopathic stress zones.
- To explore therapeutic applications of colour, light, and energy for health and harmony.
- To design therapeutical spaces like Solariums, therapeutic gardens, healing balconies, etc.
- To blend scientific instrumentation with intuitive and spiritual methods for energy analysis.
- To design and enhance environments using Vedic, geobiological, and chromotherapeutic principles.

Program Highlights

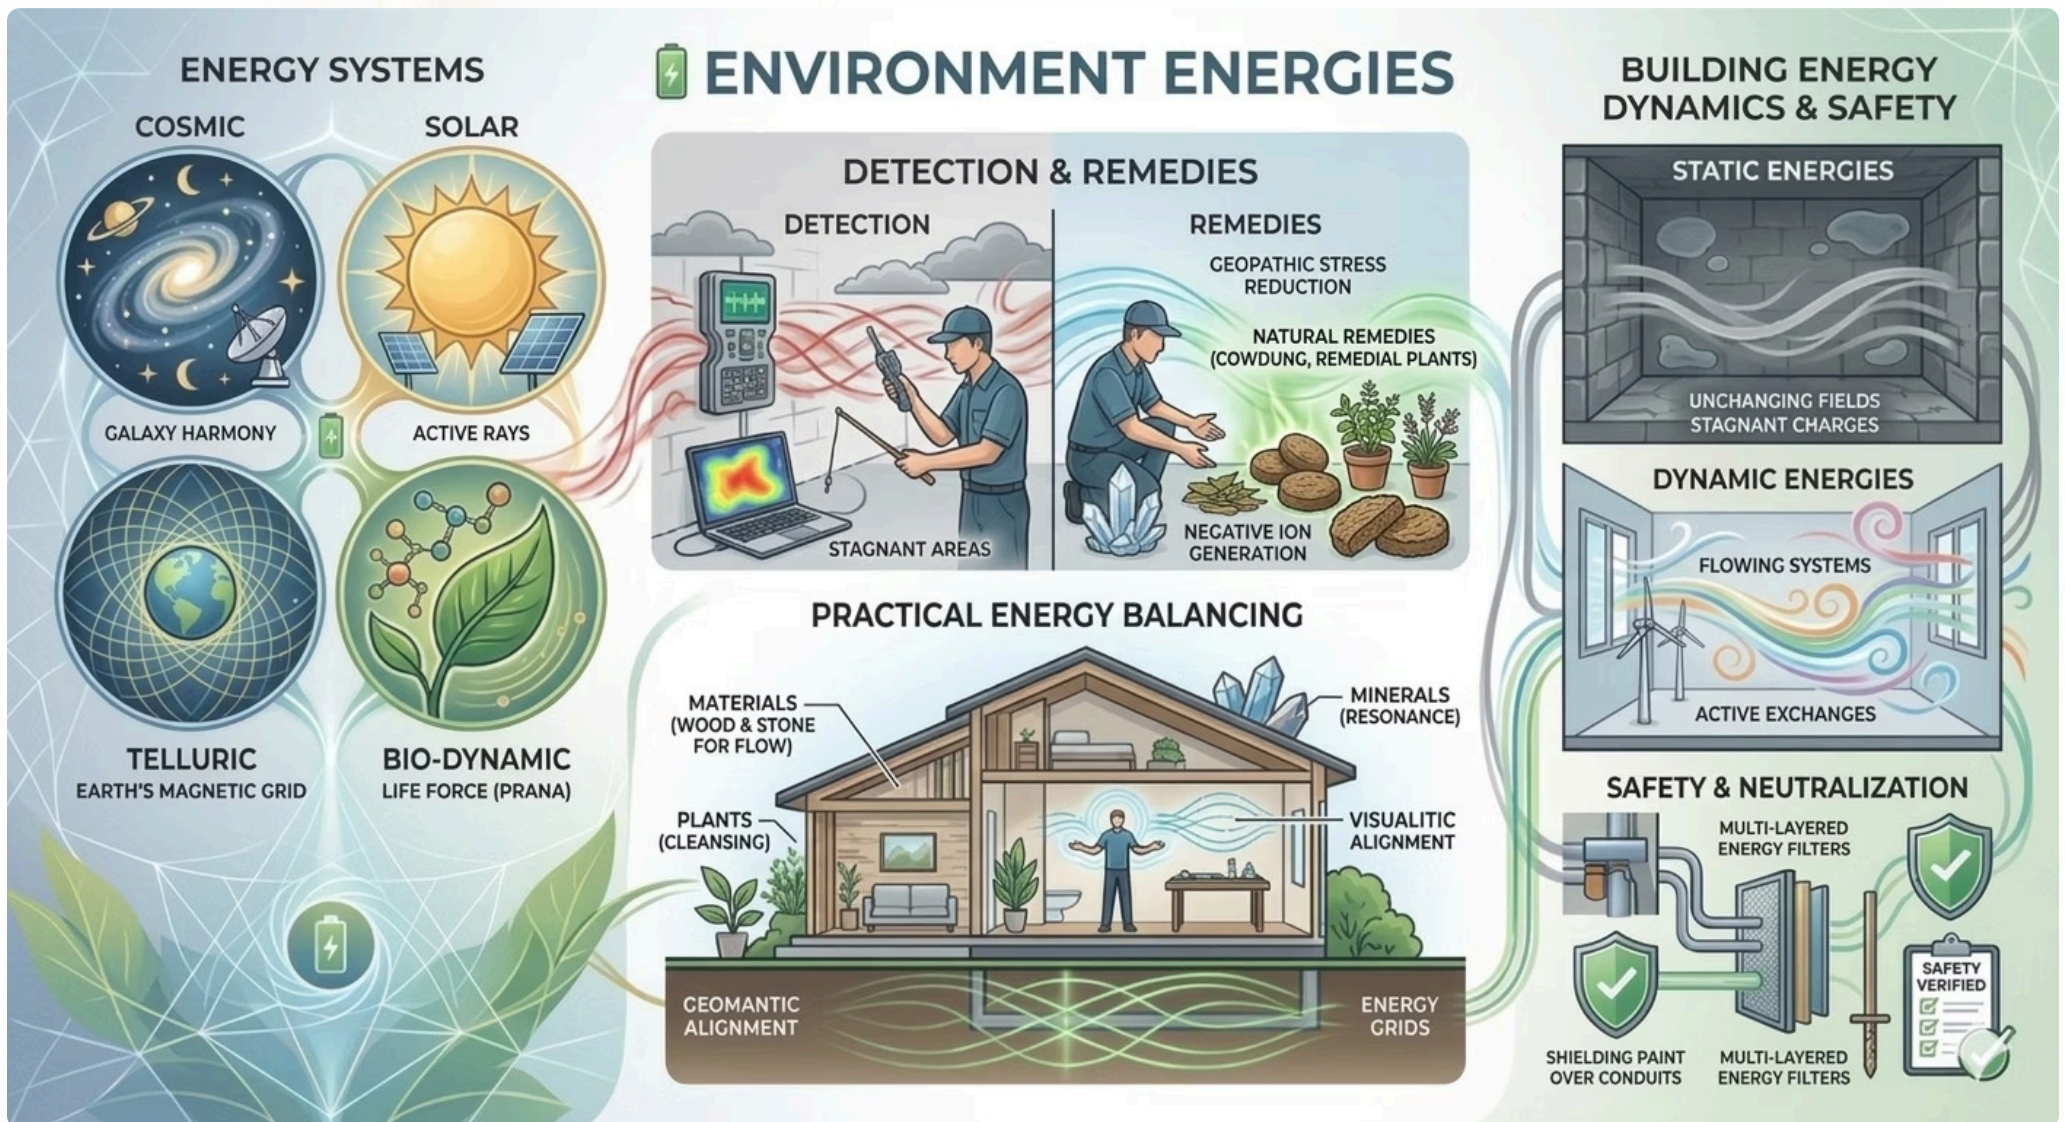

- Learn Geobiology & Earth Energies — geopathic stress, grids, ley lines, and telluric fields.
- Study Energy Dynamics in humans, plants, and animals.
- Practice Dowsing, Lecher Antenna and Intuitive Diagnostics.
- Understand Negative Energies, Spiritual Interference, and Remedies.
- Explore Chromotherapy and Spectrochromometry for healing and spatial well-being.
- Spatial well-being refers to the positive impact that thoughtfully designed physical spaces have on a person's mental, emotional, and physical health, promoting comfort, balance, and overall well-being. 🌿
- Develop Intuition & Meditation Practices for subtle energy sensing.
- Participate in field visits (like Mehrauli Archaeological Park) for practical exposure.

⚡ What You'll Learn

🔋 Environment Energies

- Cosmic, solar, telluric, and bio-dynamic energy systems
- Detection and remedies for harmful or stagnant energies
- Practical energy balancing in spaces and materials
- Static vs Dynamic Energies in Buildings
- Safety Measures & Neutralization Methods

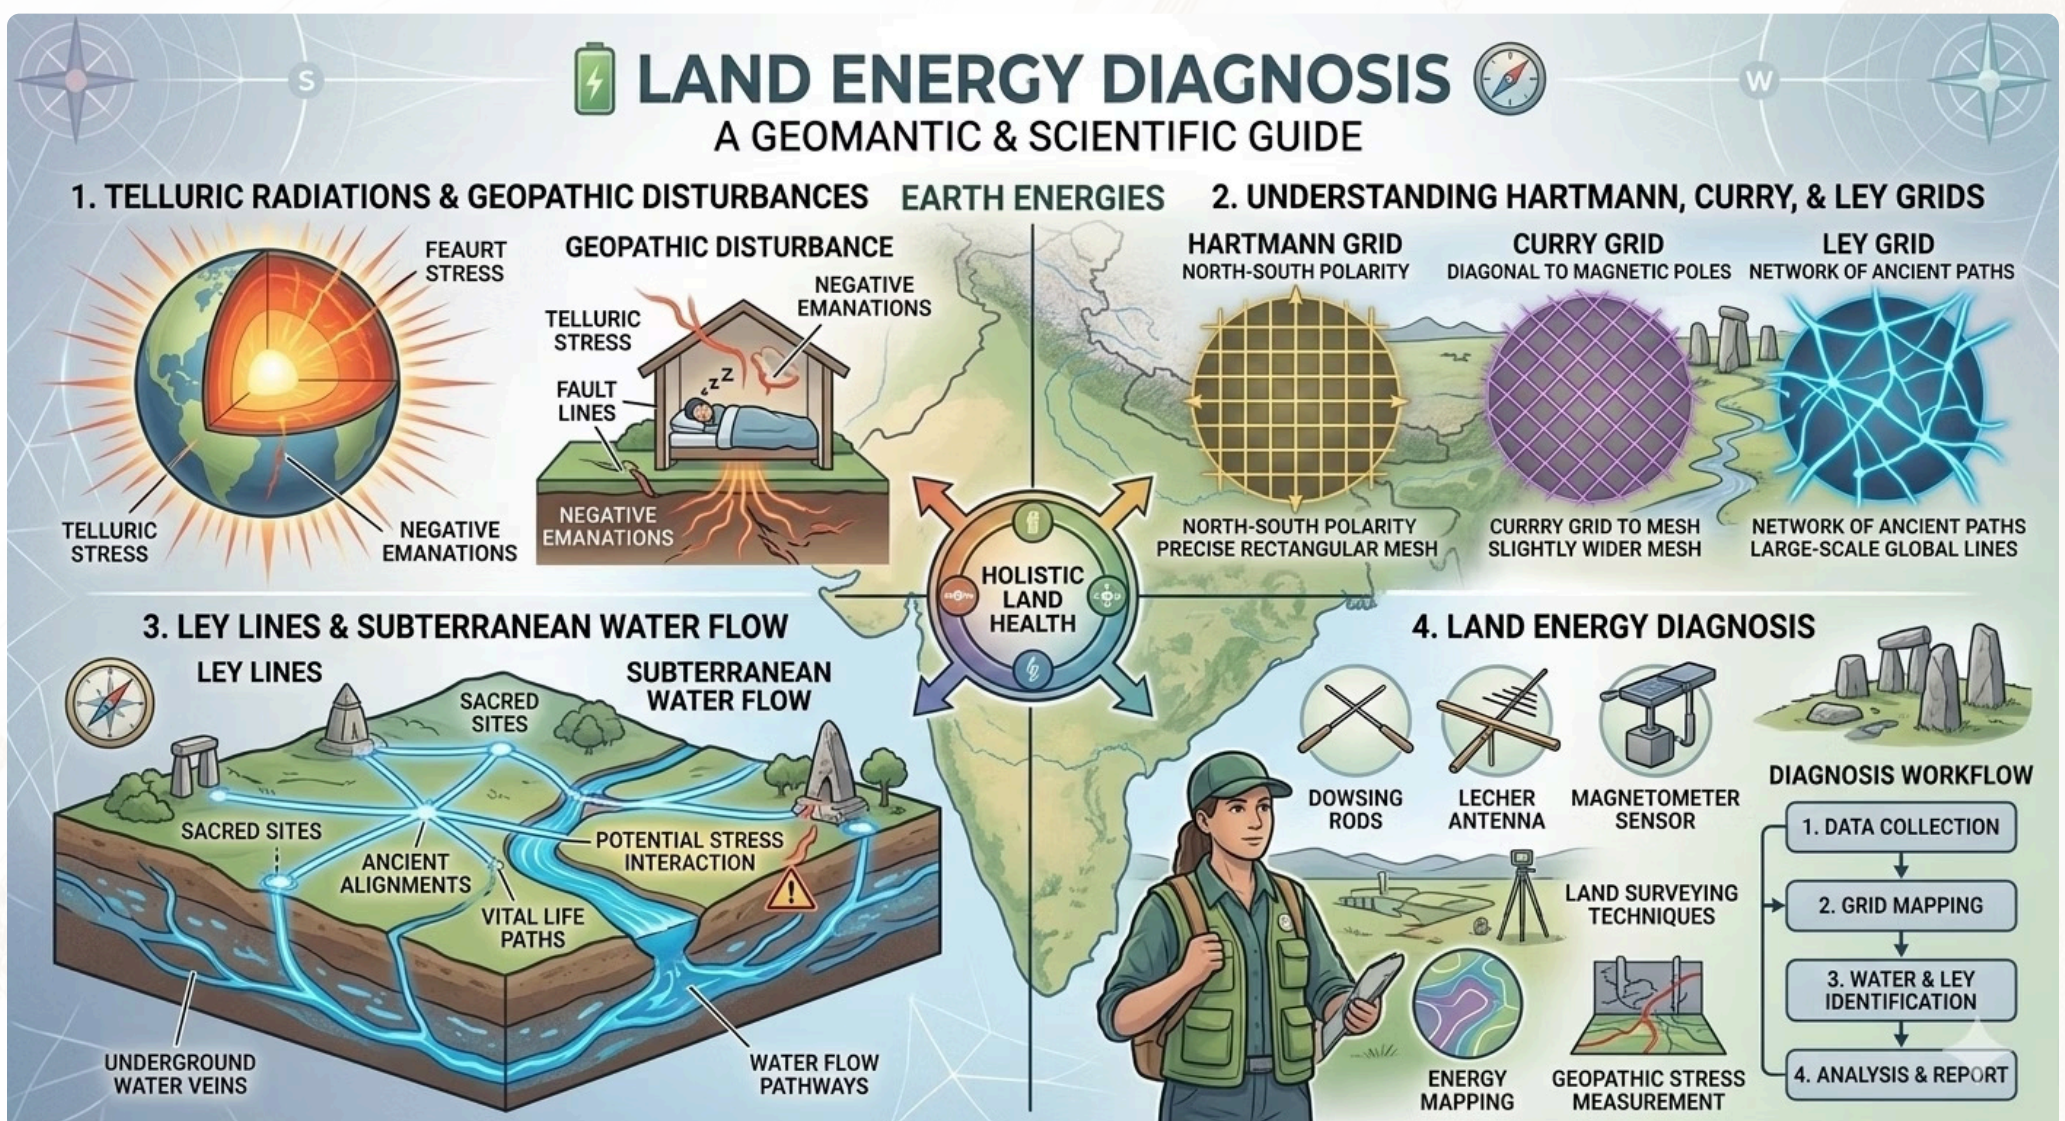

🌐 Earth Energies

- Telluric Radiations & Geopathic Disturbances
- Understanding Hartmann, Curry, and Ley grids
- Ley Lines & Subterranean Water Flow
- Land Energy Diagnosis

🌱 Soil & Land Energies

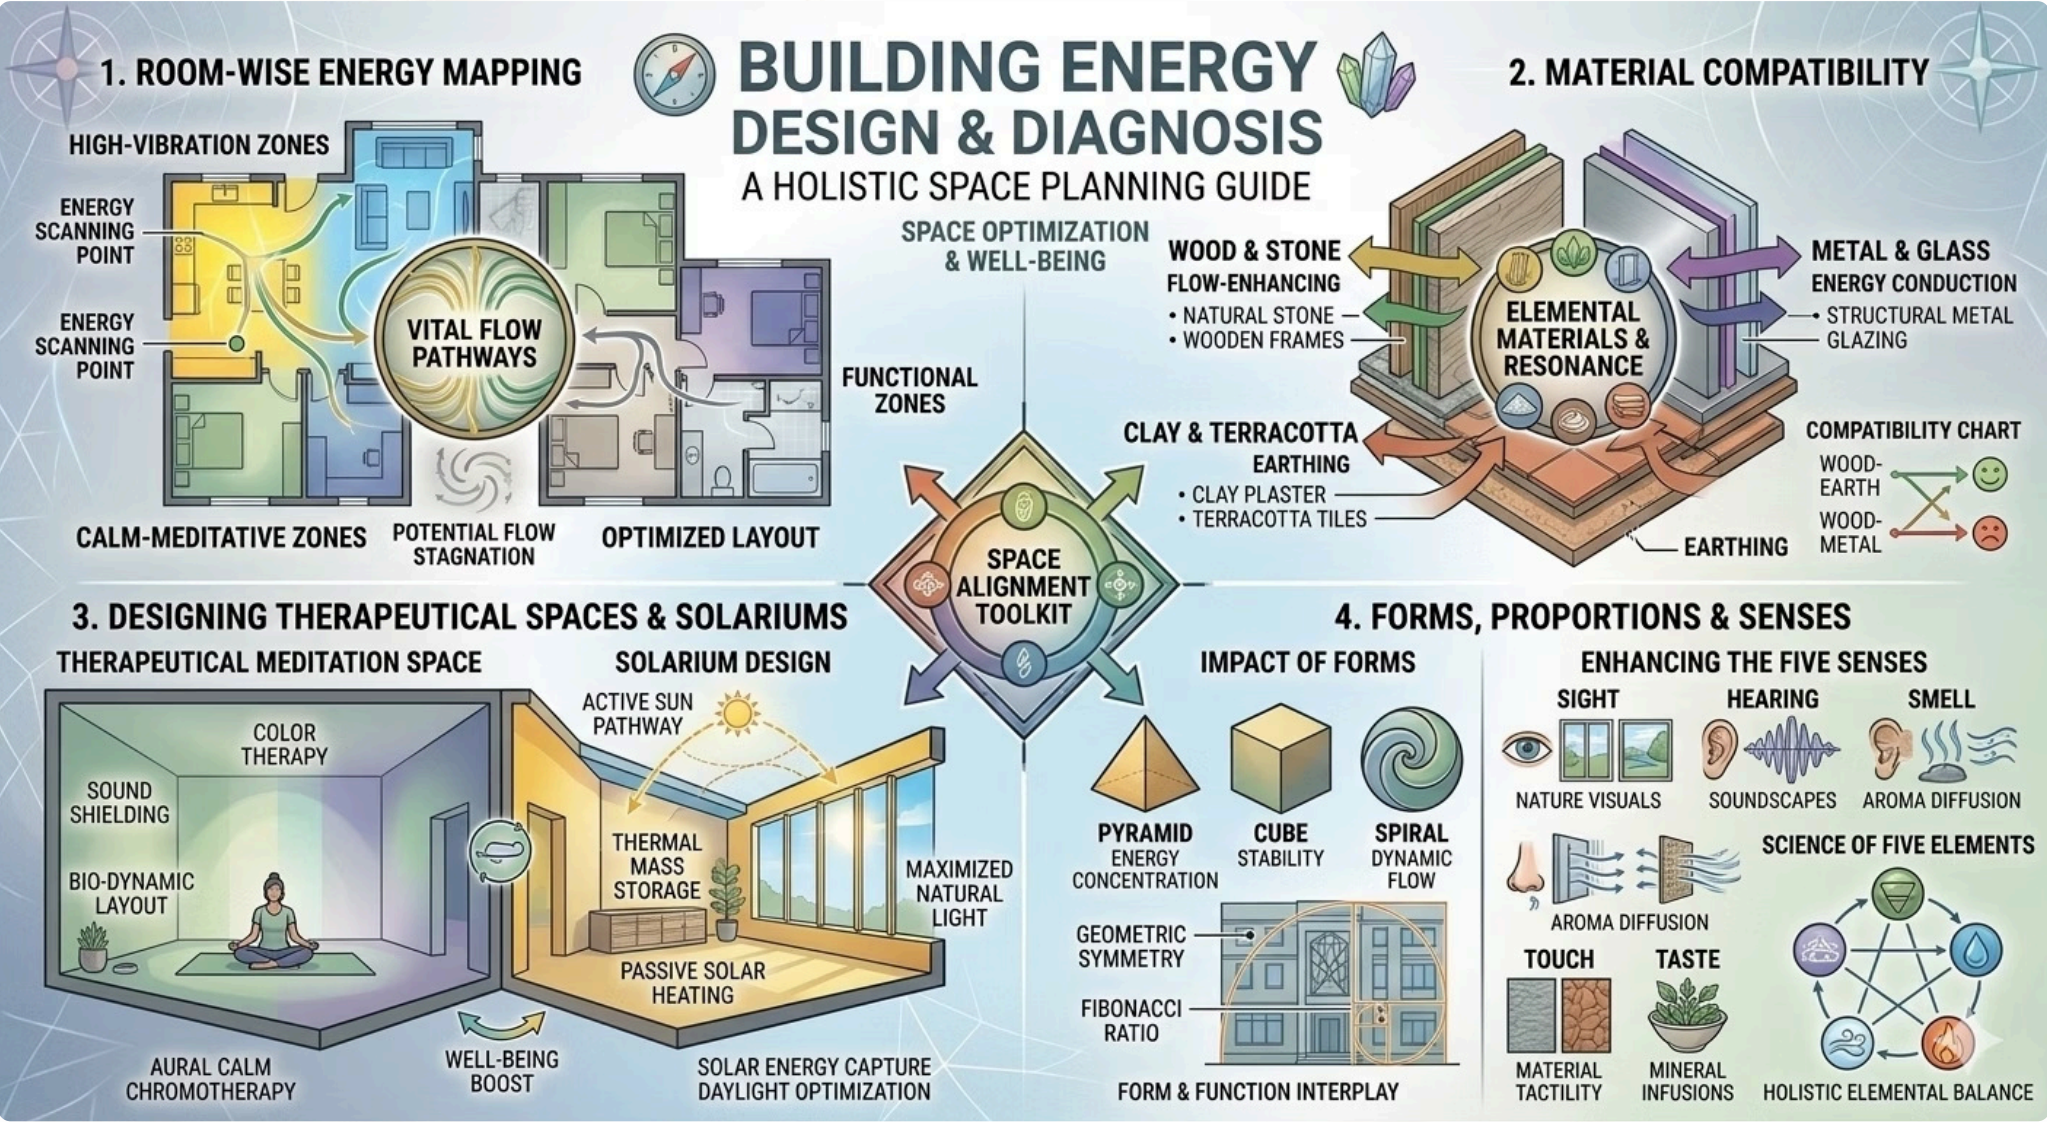

- Identifying geopathic radiations and subterranean water impacts
- Testing soil pH, NPK values, and energy resonance
- Evaluating environmental pollution and land vitality
- Soil Quality & Pollution
- Understanding Soil pH, Nutrient Value & Microbial Life
- Environmental Balance & Remedial Techniques

Energy Design & Diagnosis in Buildings

- Room-wise energy mapping
- Checking compatibility of materials
- Designing of therapeutical spaces & Solariums
- Impact of forms, shapes & proportions
- Enhancing the Five Senses
- Connecting with the science of Five Elements

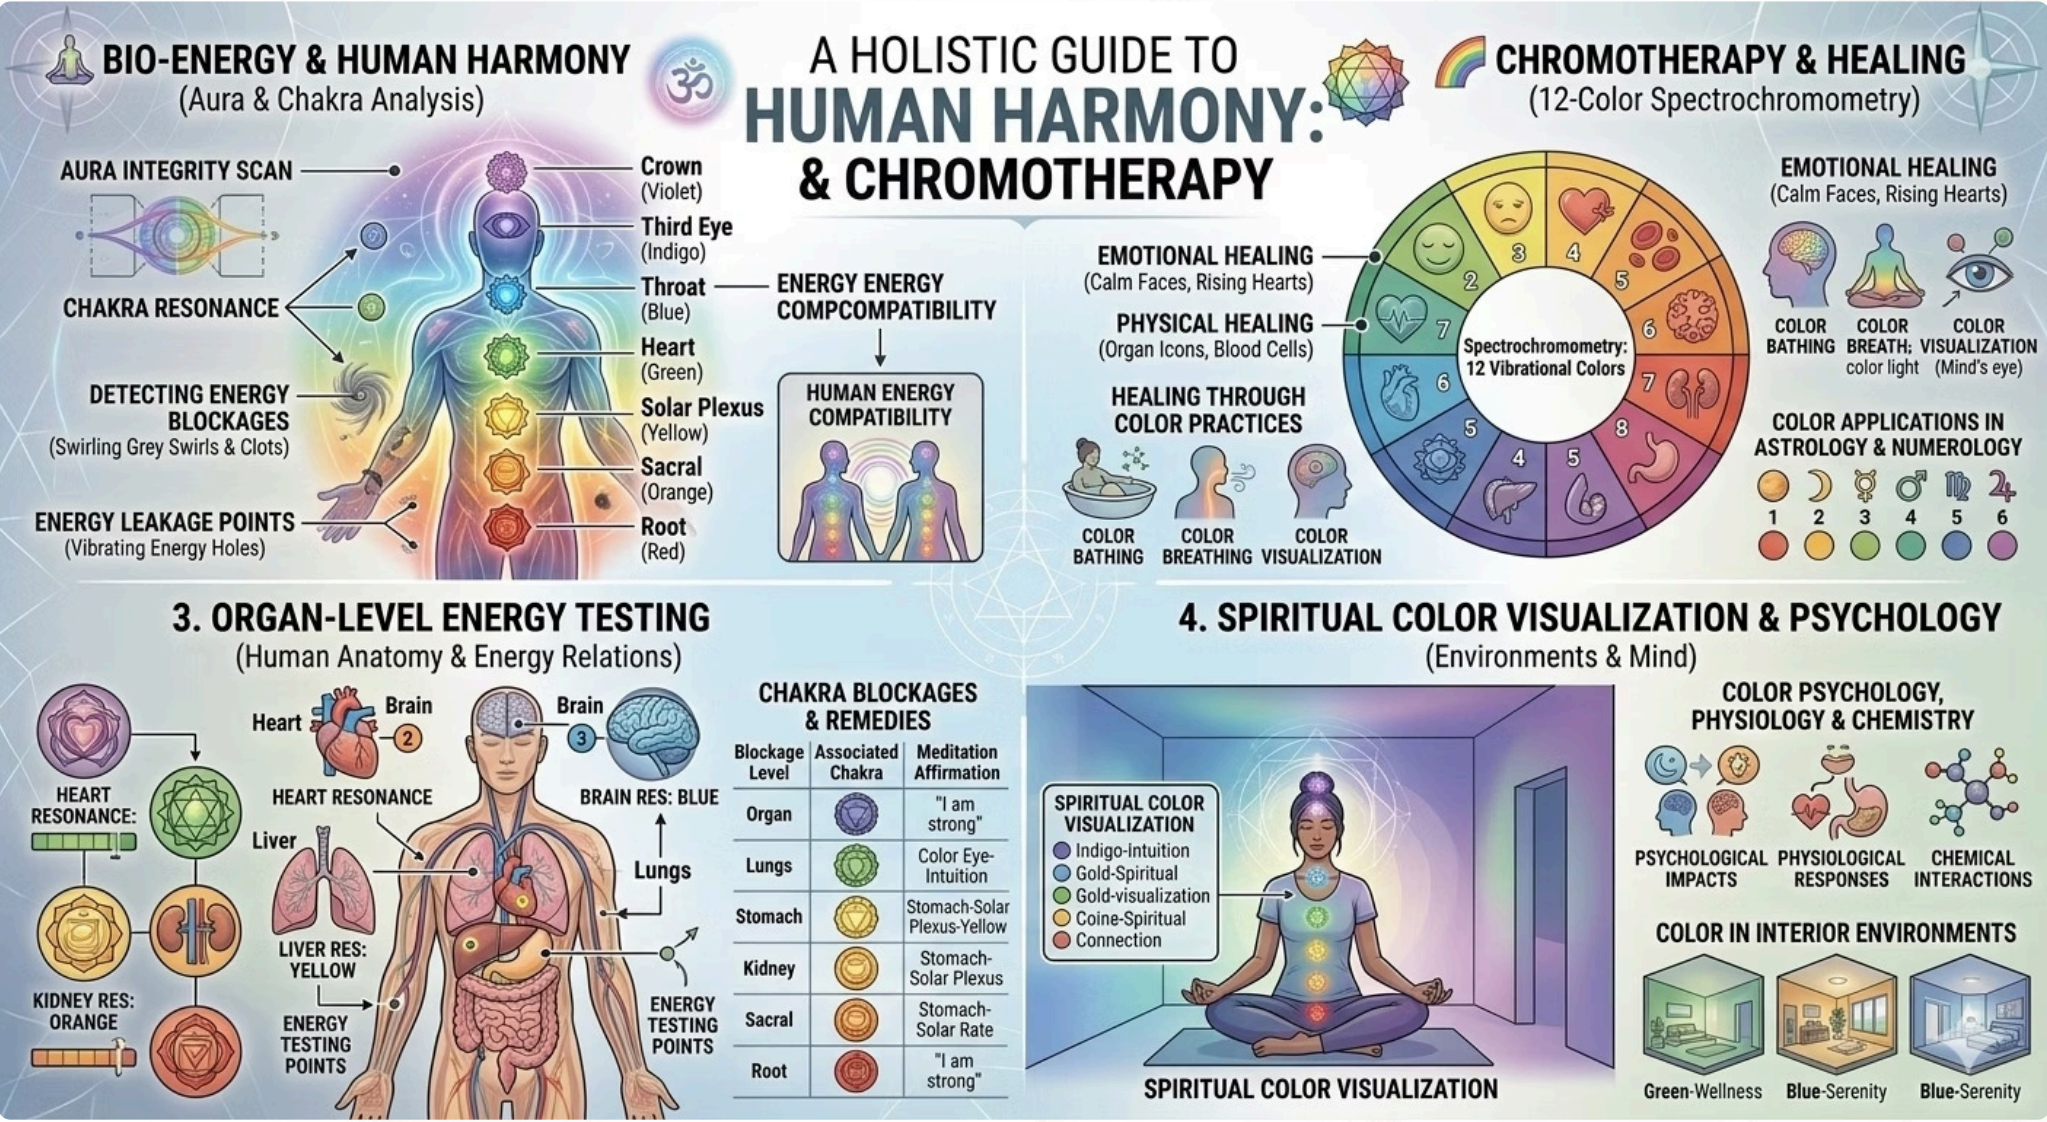

Bio-Energy & Human Harmony

- Aura & Chakra analysis
- Detecting blockages and energy leakages
- Healing through colours, meditation, and affirmations
- Human Energy Compatibility
- Chakra Blockages & Remedies
- Organ-Level Energy Testing

Product Energy Evaluation

- Energetic Testing of Food, Medicines & Crystals
- Suitability Testing & Vibrational Effects

Chromotherapy & Healing

- 12-colour spectrochromometry for emotional and physical healing
- Colour bathing, breathing, and visualization
- Colour use in astrology, numerology, and interior environments
- Colour Psychology, Physiology & Chemistry
- Human Anatomy & Energy Relations
- Spiritual Colour Visualization

Practicals

- Energy Diagnosis (Human, Building, Environment)
- Remedies for Negative Energies & Spirit Interference
- Soil & Product Energy Evaluation
- Therapeutic Garden and Sun Therapy Sessions
- Guided Chakra Meditation & Colour Therapy Practice
- Case Studies and Field Research Projects

Ideal For

- Architects & Interior Designers
- Scientific Vastu & Feng Shui Experts
- Energy Healers & Wellness Practitioners
- Environmentalists & Space Planners
- Students & Professionals seeking new dimensions of design and healing

Outcome

After completing the program, learners will be able to:

- ✓ Professionally diagnose geopathic and energy imbalances.
- ✓ Recommend scientific and intuitive remedies for health and space harmony.
- ✓ Integrate Geomancy, Vastu, and Colour Therapy into building design.
- ✓ Create healthy, balanced, and high-energy environments for living and working.
- ✓ Design Therapeutical Spaces such as therapeutic gardens, healing balconies, meditation areas.
- ✓ Detect and diagnose environmental and bio-energies
- ✓ Use intuitive and scientific tools for space healing
- ✓ Apply colour and energy remedies in practice
- ✓ Create therapeutic, spiritually aligned environments

Why Choose Design Gurukul

- The Professional Certificate in Geomantic Science & Therapeutic Spaces is one of the exclusive & years of research-based program under the umbrella of Design Gurukul.
- Guided by Dr. R.M. Mehra, India's leading expert in Scientific Vastu & Geobiology.
- Blend of ancient sciences and modern tools.
- Access to real case studies, live sessions, and practical demos
- Recognized and respected across architectural, spiritual, and wellness communities

Course Modules

Module 1: Foundations of Energy Science

- What is Energy?
- The World of Energies
- Realms of Physical, Mental, and Cosmic Energies

Module 2: Negative Energies & Spirit Phenomena

- Introduction to Negative Energies
- Understanding Spirits & Subtle Entities
- Impacts on Spaces & Health
- Detection, Symptoms & Classifications
- Remedies & Protective Protocols

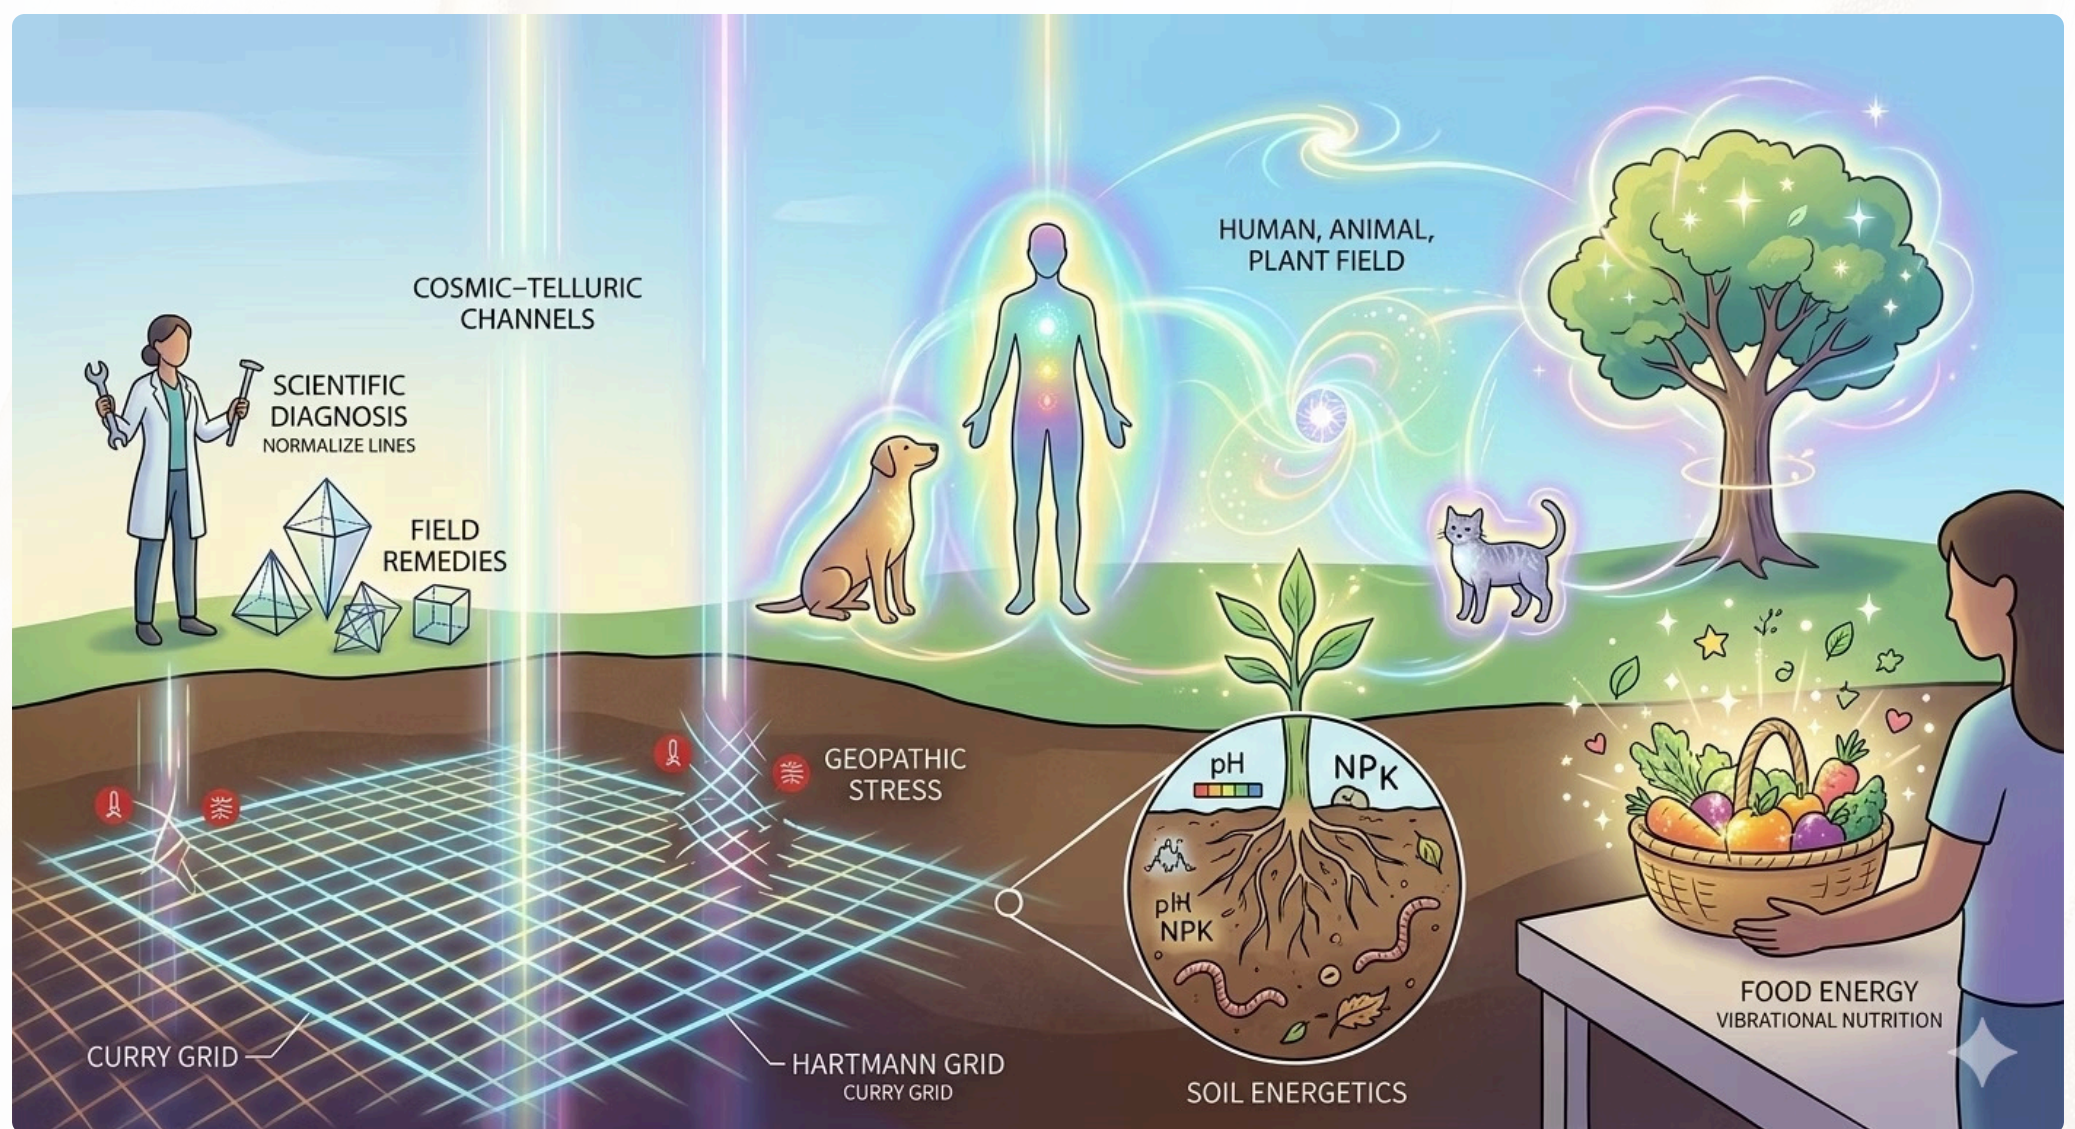

Module 3: Geobiology & Earth Energies

- Introduction to Geobiology
- Geopathic Stress: Causes & Effects
- Hartmann & Curry Grids
- Cosmic-Telluric Channels (CTC)
- Scientific Diagnosis & Field Remedies

Module 4: Energy in Living Beings

- Human, Animal & Plant Energy Fields
- Soil Energetics: pH, NPK & Organic Balance
- Food Energy & Vibrational Nutrition

Module 5: Intuition & Meditation Practices

- Intuition Development Techniques
- Meditation for Energy Perception
- Colour Intuition Exercises

Module 6: Practical Exposure

- Field Visit to Mehrauli Archaeological Park
(Study of ancient energy layouts & geomagnetic zones)

Module 7: Tools & Instruments for Energy Diagnosis

- Lecher Antenna: Function, Frequencies & Field Application
- Pendulum Dowsing: Human & Building Dowsing Techniques
- L-Rods & Universal Scanners
- Using Eye, Hands & Feet as Intuitive Sensors

Module 8: Aura, Chakras & Koshas

- Structure of Human Energy Body
- Aura Layers, Colours & Visualization
- Chakra System & Energy Exchange
- Aura Reading & Balancing

Module 9: Remedies & Therapeutical Spaces

Natural & Vibrational Healing

- Therapeutic Gardens
- Sun & Solarium Designing
- Energy Showering
- Crystals, Affirmations & Manifestation

Spectrochromometry & Colour Healing

- 12 Healing Colours & Related Diseases
- Chromotherapy: Aura & Chakra Healing
- Colour Bathing
- Colour Breathing
- Colour Meditation
- Spectrochrome System: Front & Back Zones

Instruments Introduced

- Lecher Antenna
- Dowsing Pendulum & L-Rods
- Universal Scanners
- Energy Measuring Scales & Protocols
- Environmental & Geobiological Measuring Tools

Scientific Frequency & Evaluation Practice

Participants learn to:

- Test energies using Lecher Frequencies
- Measure concentration & percentage of energies
- Diagnose negative, geopathic & human energies
- Identify compatibility, suitability & remedies
