**Learn 16 Specialization from
World NO : 1. Gurukul – Design Gurukul**

You will become the Best "VASTU EXPERT"
"SPECIALITY : LIVE SITE VISIT & DESIGN PROJECTS"

➔ VACTERIOLOGY

Design Gurukul gives Specialisation by offering amazing science of Vastu, Interiors and Psychology. It focuses on sensory perception and how music, aroma, colours, light, paintings and various textures and patterns can create a magic as a remedy. The techniques of sensory perception and five sense comfort is unique. Vasteriology also elaborates through new remedies like new birth, destagnation, compatitbility lamp, Fibonacci bells and bioharmonics etc

➔ DESIGN BASED REMEDIES

Design Gurukul gives Specialisation in Design Based remedies by focusing on texture, shape, painting colour and pattern of each element. Design based remedies focuses on creating Wall elevations as remedies. The house in itself holds many remedies without being evidently visible. There are many Design Based remedies like Glory mask, Sensation point and Glory wall etc

➔ VEDIC REMEDIES

Design Gurukul focuses on Vedic remedies through 45 deities and 9 planets. Vedic remedies elaborate the secret mantras, colours, paintings, affirmations and statues to activate the relevant deities and planets.

➔ ENERGY BASED REMEDIES

Environmental or Energy based Remedies focuses on using the stored power of sunlight as a powerful remedy. It further uses cool energy like lunar energy as remedy in designing as well as for the occupants for various purposes. Energy remedies are special in Design Gurukul as they are scientific and help occupants immediately. Other energies like sound energy, light energy, heat energy, wind energy, telluric energy and cosmic energies are also used as remedies

➔ ARCHITECTURAL REMEDIES

Architectural Remedies focuses on making window, doors, front facade, furniture, architectural services, balconies, shading devices, shape of room, size of room and building material etc as powerful architectural remedies

➔ COMMERCIAL VASTU

Commercial Vastu Specialisation offers specific Vastu for Office, shop, godown, spa, gym, parlour, restaurant, resort, hospitals, schools & colleges etc. It focuses on various materials and five element activation in commercial spaces. It also focuses on suitable facing as per business.

➔ INDUSTRIAL VASTU

Industrial Vastu Specialisation focuses on placements in case of industries, understanding how to deal with machines. Students learn about ETP, generators, compressors, cooling tower and HSD etc. Industrial Vastu elaborates on different types of industries as per directions.

➔ CLIMATIC VASTU

Climatic Vastu focuses on how Scientific Vastu plays a role in Hot and dry climate, composite climate, warm and humid climate, moderate climate and cold climate. Climatic Vastu helps Vastu Experts to collect data on climatic conditions of the site and using them in designing a Vastu friendly building.

➔ GREEN VASTU

Green Building & Scientific Vastu or popularly known as Green Vastu focuses on merging modern concepts of Green building guidelines in context to Scientific Vastu. Green Vastu helps in making Vastu experts more conscious about Mother Nature and available resources.

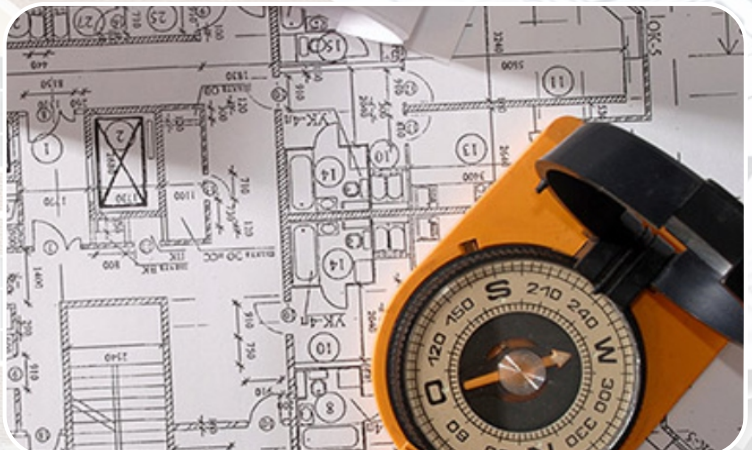

➔ ENERGY DYNAMIC VASTU

Energy Dynamic Vastu focuses on solar energy, wind energy, electric energy, magnetic energy, light energy, heat energy, sound energy, lunar energy, telluric energy and cosmic energy.

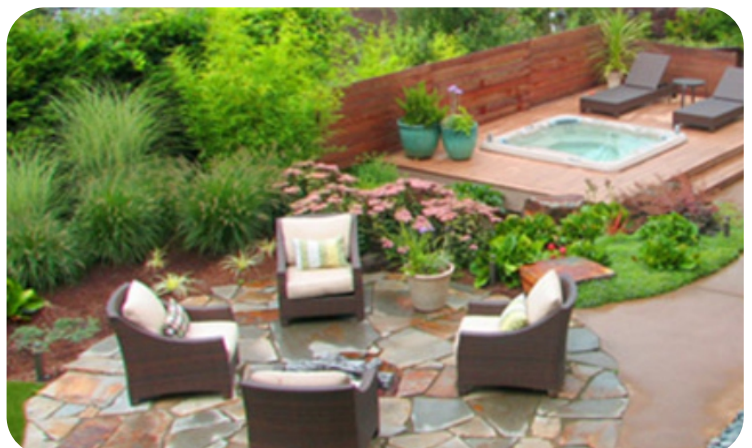

➔ TECHNICAL VASTU

Technical Vastu focuses on different types of compasses like floating disc, pivotal needle and digital compass. It also focuses on radial and linear zoning of 8 directions, 16 directions and 32 directions. Technical Vastu teaches students how to make layouts (maps) and read various other technical drawings.

➔ LANDSCAPE VASTU

Landscape Vastu focuses on various plants and trees that can be planted in different directions. Plants and trees also act as a powerful remedy. Landscape Vastu highlights plants and trees from lucky / unlucky as well as healthy and unhealthy ones.

➔ PREDICTIVE VASTU

Predictive Vastu focuses on teaching students defect and their effects. Topics like five element, planets, deities and construction bylaws in simple terms makes students strong in Predictive Vastu.

➔ NUMERO VASTU

Numero Vastu focuses on Number of the house. It also aims to create harmony between the destiny number of the occupant with the number of the house. It further recommends a positive name of the house as a Remedy.

➔ VEDIC VASTU

Vedic Vastu focuses on amazing concepts like Rahu Mukh Puch Vichar, Ayam Vichar, Dhan Rin Vichar, lucky facing as per Rashi and Varna, lucky wood and shalya udhar etc.

➔ VASTU FOR ENHANCING

Vastu for Enhancing focuses on how to improve prosperity and abundance through Vastu, improving health through Scientific Vastu, improving wealth / finance, increasing happiness in life through Vastu, improving peace & harmony, improving memory & grasping through Vastu, improving love and romance, being spiritual through Vastu, Improving motivation in life.

PROFESSIONAL DIPLOMA IN SCIENTIFIC VASTU®

World's Most Integrated Scientific & Practical Program on Scientific Vastu®

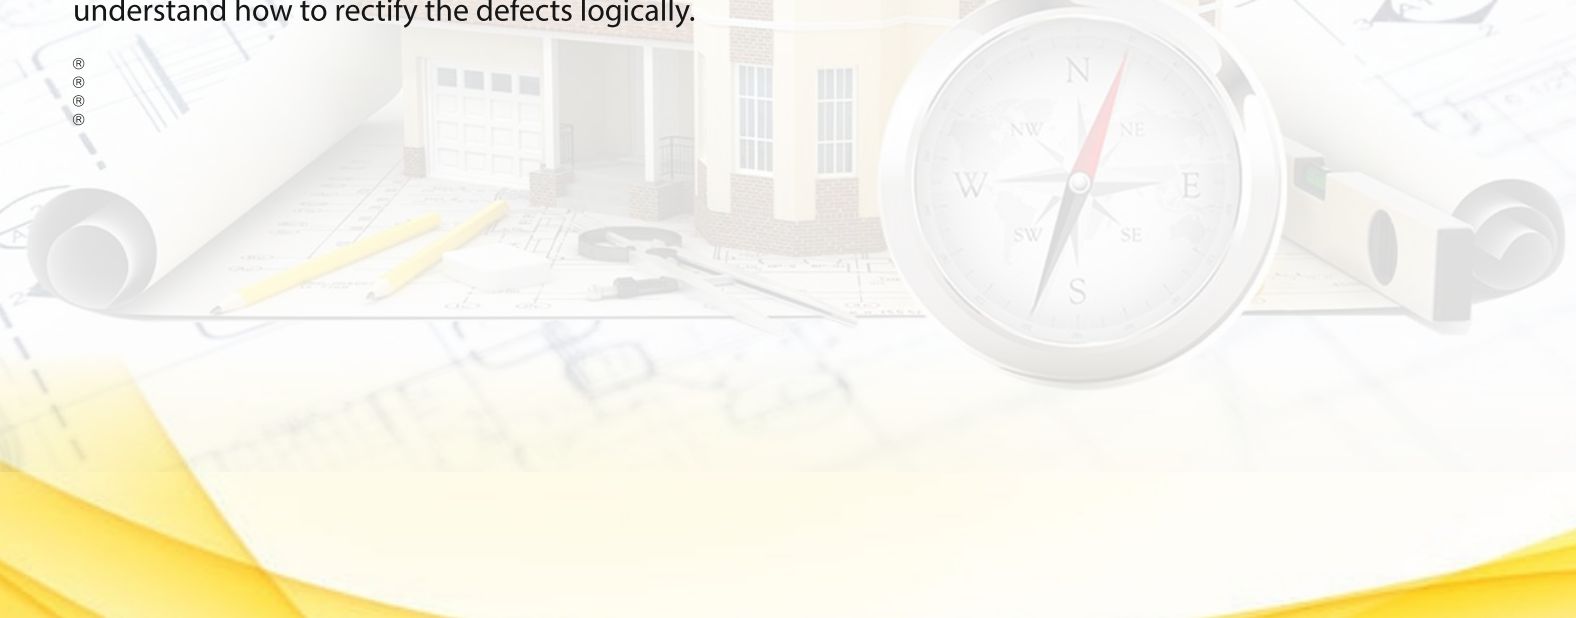

Scientific Vastu® is the science of ancient Indian architecture and design. It is basically the study of occupants in context to building in relation to land, location and environment. It is aligning land and building with the laws of nature (micro climatic conditions). In modern words it is creating a sustainable habitat which is green and healthy too.

Scientific Vastu® is a science of creating automation systems in building in connect with forces of nature. It is a homeostatic building in itself. Another perspective of Scientific Vastu is that it is a study of harmonious transformation or manifestation of energy into matter or its states or vice versa.

One year diploma in Scientific Vastu® focuses on all aspects of architectural, Vedic and green concepts. It deals with Industrial, Commercial, Entertainment, Educational Vastu. It also deals with new construction, remedies for existing building and remodeling design projects as per Scientific Vastu . This program is complete study of both Science and Vedic Science.

Design Gurukul provides most reasonable and logical remedies in Scientific Vastu . It intends to prohibit use of products in Vastu science. It does not promote commercial products and commercial gimmicks. Design Gurukul teaches both Architectural and Vedic remedies which are genuine, simple and affordable too. Rectification in Scientific Vastu does not need huge investments but needs deep knowledge to understand how to rectify the defects logically.

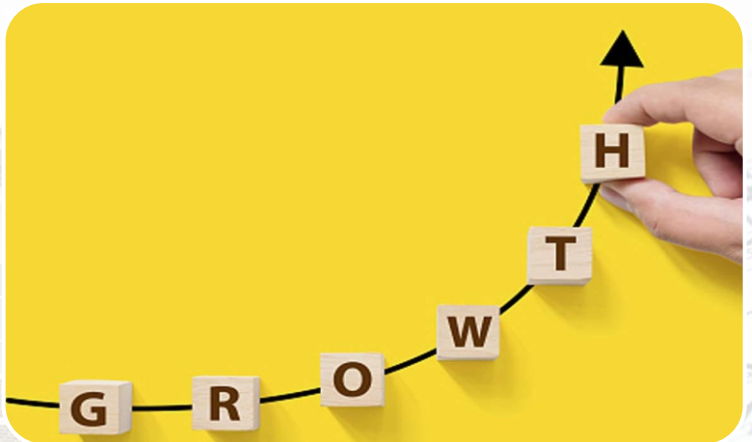

Learn to enhance the following things in life through the magic of Scientific Vastu :

- ➔ **Vastu tips to attract Prosperity and abundance at home**

- ➔ **Tips to attain Growth in all spheres of life**

- ➔ **Ways to improve Health & Hygiene**
- ➔ **How to enhance the quality of life**
- ➔ **Ways to maintain Peace and Harmony among family members**

- ➔ **Tips to improve memory and grasping power among kids**

➔ **Ways to improve comfort and relaxation in life**

➔ **What you'll learn**

- Introduction to Scientific Vastu®
- Definition of Scientific Vastu®

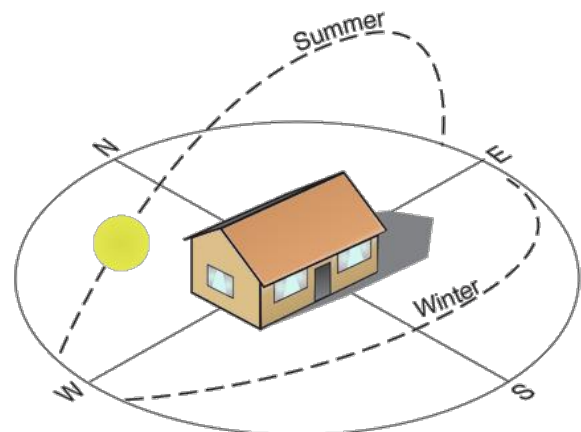

➔ **Scientific Vastu® rewa Vastu - understanding Scientific Vastu® as a science of transformation or manifestation of energies**

➔ **Practical applicability of 12 Magnificent Energies around us & their impact**

➔ **Solar Energy**

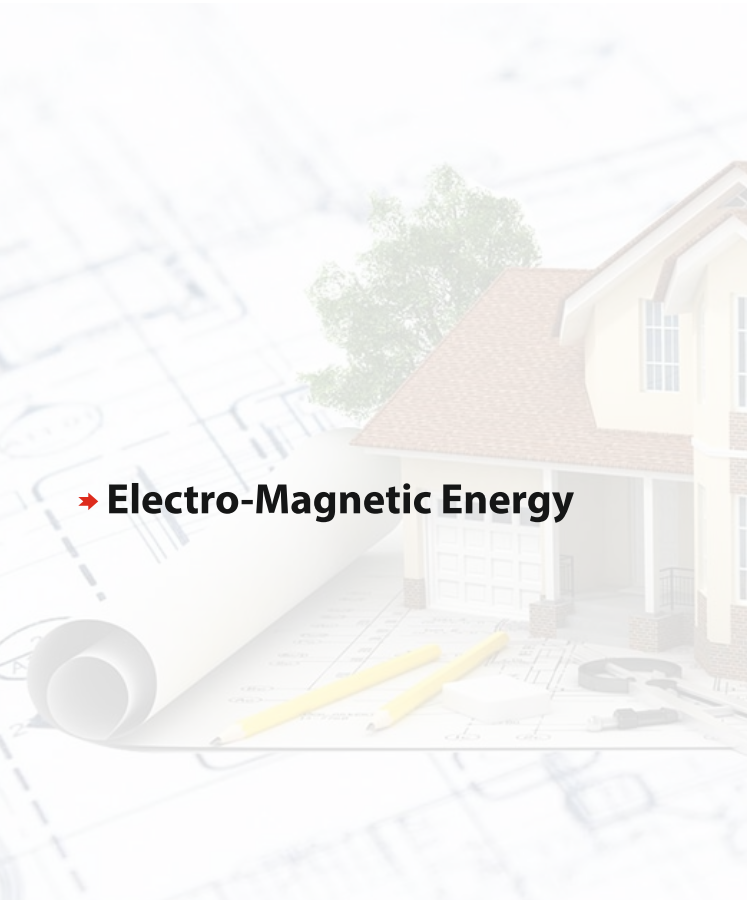

- Solar passage & buildings with research referencing
- Creation of direction in context to laws of nature
- Thermal and visual comfort in each direction
- Solar energy, humans & buildings
- Healing, cleansing, energizing, and comforting aspect of sunlight
- Importance of facing in context to solar flux
- Creation of different environmental envelopes by nature in building.
- Observation of changes in life due to change in environment

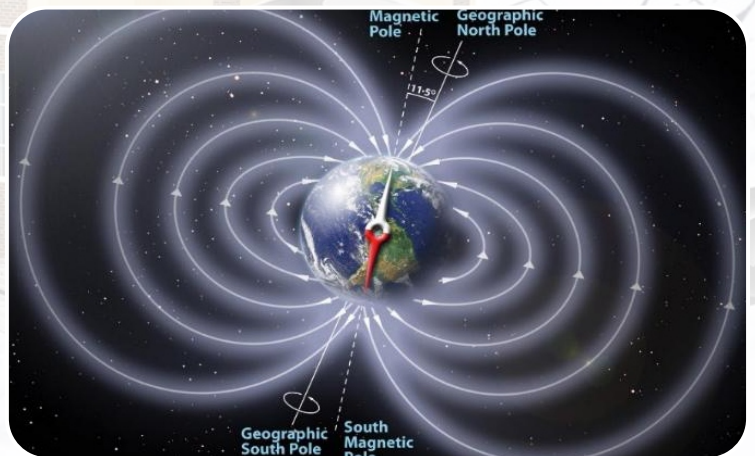

➔ Heat Energy

➔ Light Energy

➔ Electro-Magnetic Energy

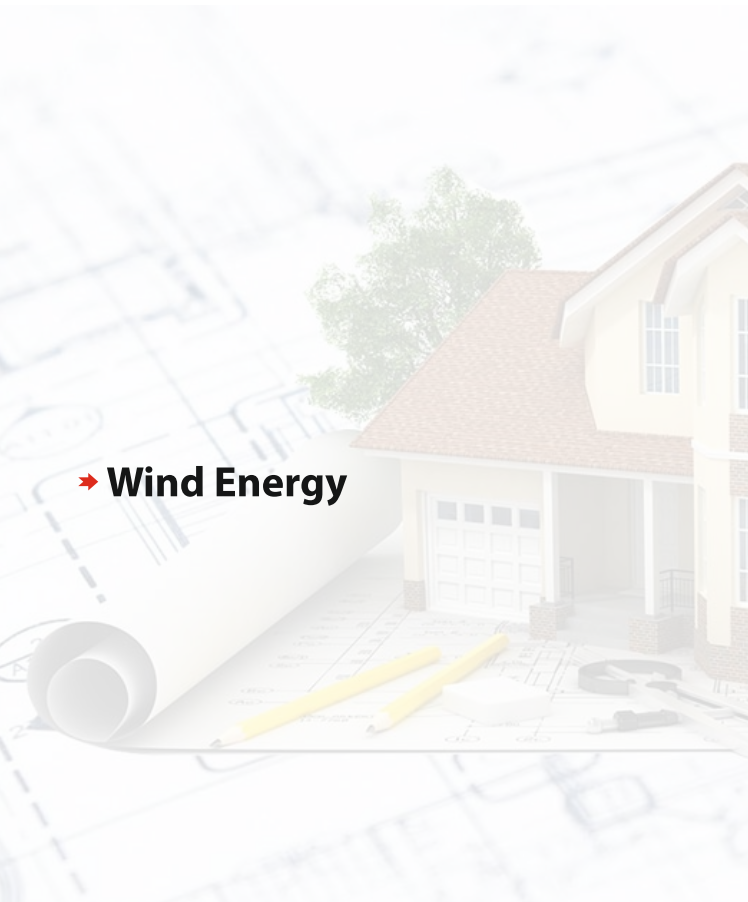

→ Lunar Energy

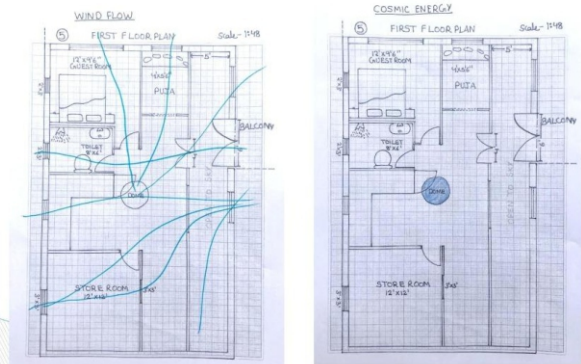

→ Hydro Energy

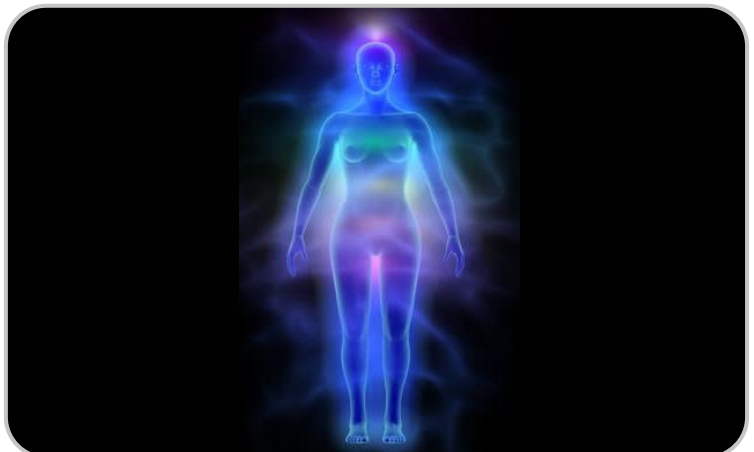

→ Wind Energy

Wind Flow and Cosmic Energy

→ Dynamic Bio Matter Energy

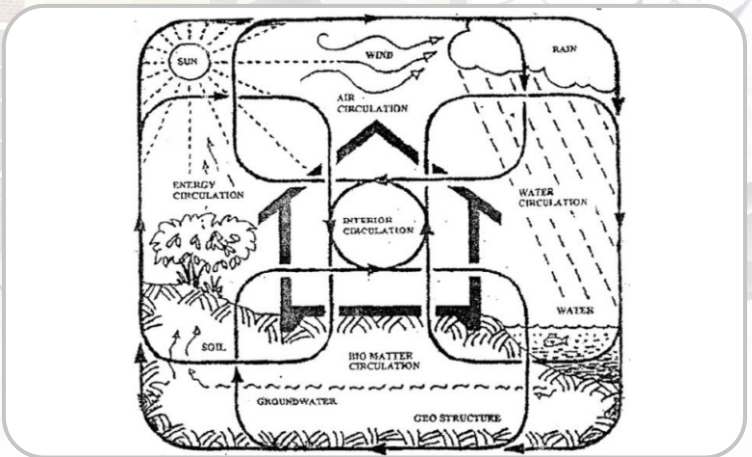

- **Geo Energies**
 - Gravitational Pull
 - Center of gravity
 - Telluric energy

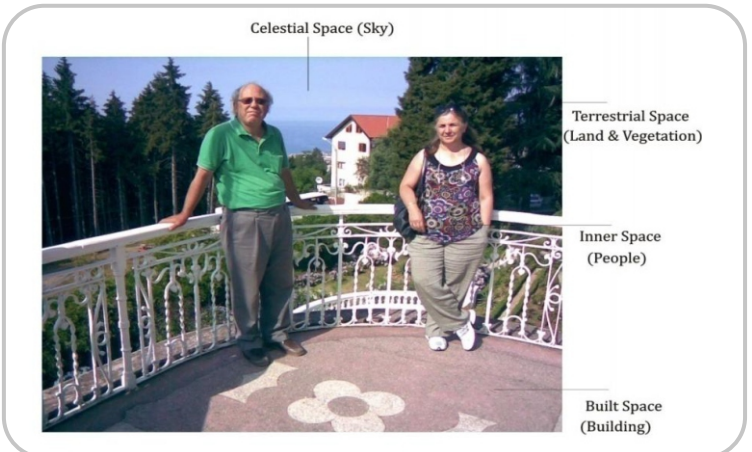

- **Cosmic Energy**

- **Four Circulations & Building**

- **Four Spaces as per Mayonic Science & Technology**

➔ Introduction of Green buildings & Scientific Vastu®

- Concept of green & architectural Vastu
- Power conservation through green Vastu
- Water conservation through green Vastu
- Green guidelines for thermal comfort (criteria 14 GRIHA)
- Green guidelines for visual comfort (criteria 13 griha)
- Calculation of app. Light levels for each room as per climate
- Sound control
- Use of healthy building material
- Renewable energy & vastu
- Better health through green vastu
- Concept of sustainability in vastu
- Criteria's of green building relating with vastu
- Government & other agency guidelines for vastu

➔ Learn to draw & importance of scaled drawings

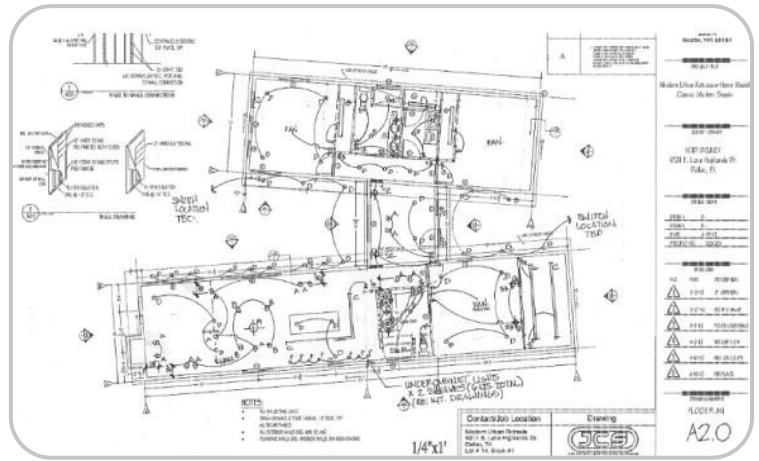

➔ Layouts

➔ Elevations

➤ Reading & Understanding Technical Drawings for Scientific Vastu® analysis

➤ Find right direction/orientation from appropriate tool

➤ Different types of zoning according to different cases

➤ Linear zoning

- Aligned plans

➤ Radial zoning

- Inclined plans
- Diagonal plans
- Double diagonal plans
- Perfectly diagonal plans

➤ Building physiology

➤ Building construction by laws

- Understanding homeostatic process in building
- Creation of self-created self-maintained systems in building and body
- Development & deterioration of building physiology
- Importance of nature in creating health & balance in building
- Shapes - Ratio
- Sloping - Loadings
- Angles
- Opening
- Joule Thomson effect
